System Requirements For Raketu:

Minimum: OS: Windows 7, Windows 8/8.1, Windows 10, Windows Server 2008 R2, Windows Server 2012 R2, Windows Server 2016, Windows Server 2019 (other editions are unsupported). All of these operating systems are fully supported, and major issues will be resolved to at least the relevant supported releases. Please note that Windows 7 and Windows 8.1 may be vulnerable to the Spectre CPU vulnerability. Microsoft will continue to make available security fixes for Windows 7 and Windows 8.1, but Windows 7 users may experience some issues when installing the Spectre and Meltdown
